

*The Auditor's Communication With Those Charged
With Governance*

Guam Ancestral Lands Commission

(A Governmental Fund of the Government of Guam)

Year ended September 30, 2023

February 6, 2026

The Board of Commissioners
Guam Ancestral Lands Commission

We have performed an audit of the financial statements of Guam Ancestral Lands Commission (the GALC), a governmental fund of the Government of Guam, as of and for the year ended September 30, 2023, in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and have issued our report thereon dated February 6, 2026.

This report summarizes our communications with those charged with governance as required by our professional standards to assist you in fulfilling your obligation to oversee the financial reporting and disclosure process.

REQUIRED COMMUNICATIONS

Professional standards require the auditor to provide the Board of Commissioners (the Board or those charged with governance) with additional information regarding the scope and results of the audit that may assist the Board in overseeing the financial reporting and disclosure processes which the management of the GALC is responsible. We summarize these required communications as follows:

Overview of the planned scope and timing of the audit

Our audit scope and timing is consistent with the plan communicated in our engagement letter dated August 3, 2023 and at our audit planning meeting with management.

Auditors' Responsibilities under Auditing Standards Generally Accepted in the United States (US GAAS) and Generally Accepted Government Auditing Standards (GAGAS)

The financial statements, required supplementary information, and other supplementary information are the responsibility of the GALC's management as prepared with the oversight of those charged with governance. Our audit was designed in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, to obtain reasonable, rather than absolute, assurance that the financial statements are free of material misstatement.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, we express no such opinion.

An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

Our responsibilities are included in our audit engagement letter.

Changes to the audit strategy, timing of the audit and significant risks identified

Our audit strategy is consistent with the plan communicated during the November 2024 meeting.

Matters relevant to our evaluation of the entity's ability to continue as a going concern

We did not identify any events or conditions that led us to believe there was substantial doubt about the GALC's ability to continue as a going concern.

Our views about the qualitative aspects of the entity's significant accounting practices, including:

- **Accounting policies**
- **Accounting estimates**

Management has not selected or changed any significant policies or changed the application of those policies in the current year.

We have provided a discussion of significant accounting policies and our views regarding significant accounting estimates and financial statement disclosures and related matters in Note 2 of the basic financial statements.

We determined that those charged with governance are informed about management's process for formulating particularly sensitive estimates and about the basis to our conclusions regarding the reasonableness of those estimates.

Related party relationships and transactions

We noted no significant matters regarding the GALC's relationships and transactions with related parties other than those disclosed in footnotes 4, 6 and 7 in the basic financial statements.

Changes to the terms of the audit with no reasonable justification for the change

None.

Significant unusual transactions

We are not aware of any significant unusual transactions executed by the GALC.

Difficult or contentious matters subject to consultation outside of the audit team

There were no difficult or contentious matters that required consultation outside of the audit team.

Material corrected misstatements related to accounts and disclosures

Refer to the “Management Representations Letter” in Appendix A.

Uncorrected misstatements related to accounts and disclosures, considered by management to be immaterial

Refer to the “Management Representations Letter” in Appendix A.

Significant deficiencies and material weaknesses in internal control over financial reporting

No material weaknesses have been identified.

Fraud and noncompliance with laws and regulations (illegal acts)

We are not aware of any matters that require communication.

Obtain information relevant to the audit

Inquiries regarding matters relevant to the audit were performed during the November 2024 meeting and at the update status meetings during the audit.

Independence matters

We are not aware of any matters that in our professional judgment would impair our independence.

New accounting pronouncements

Management is still assessing the impact of adopting the following GASB Statements:

- GASB Statement No. 99
- GASB Statement No. 100
- GASB Statement No. 101
- GASB Statement No. 102
- GASB Statement No. 103
- GASB Statement No. 104

Significant issues discussed with management in connection with the auditor's initial appointment or recurring retention

We are not aware of any matters that require communication.

Disagreements with management and significant difficulties encountered in dealing with management when performing the audit

There were no difficulties encountered in dealing with management in performing the audit.

Managements consultations with other accountants

We are not aware of any consultations made by management with other accountants or specialists.

Other material written communications with management

None.

Other matters

There are no other matters arising from the audit that are significant and relevant to those charged with governance regarding the oversight of the financial reporting process.

AICPA ethics ruling regarding third-party service providers

From time to time, and depending on the circumstances, (1) we may subcontract portions of the Audit Services to other EY firms, who may deal with the GALC or its affiliates directly, although EY alone will remain responsible to you for the Audit Services and (2) personnel (including non-certified public accountants) from an affiliate of EY or another EY firm or any of their respective affiliates, or from independent third-party service providers (including independent contractors), may participate in providing the Audit Services. In addition, third-party service providers may provide services for EY in connection with the Audit Services.

Representations we are requesting from management

We have obtained from management a representations letter related to the audit and a copy of the Management Representations Letter is included in Appendix A.

Engagement team's involvement with preparation of the financial statements

Under GAS 2018 Revision, Chapter 3 Ethics, Independence and Professional Judgment, Paragraphs 3.73-74 explains that the audit team should make consideration of management's ability to effectively oversee the non-audit services to be provided. The engagement team should determine that the audited entity has designated an individual who possesses suitable skill, knowledge or experience and that the individual understands the services to be performed sufficiently to oversee them. The engagement team should document consideration of management's ability to oversee non-audit services to be performed.

The engagement team believes that this significant threat is reduced to an acceptable level upon application of the following safeguards:

- An engagement quality control review was performed by a qualified Ernst & Young Partner who was not otherwise involved in the audit.
- The preparation of the financial statements is based on the GALC's trial balance with our understanding that the GALC's underlying books and records are maintained by the GALC's accounting department and that the final trial balance prepared by the GALC is complete.
- All adjusting journal entries that Ernst & Young posted to the trial balance have been approved by management of the GALC.
- The GALC's Acting Program Coordinator has the skill sets to oversee and review the completeness and accuracy of the financial statements and footnote disclosures.

This communication is intended solely for the information and use of the Board of Commissioners, management, and the Office of Public Accountability - Guam and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Ernst + Young LLP

Buenas yan Hafa Adai!

In connection with your audit of the basic financial statements of Guam Ancestral Lands Commission (the "GALC") as of September 30, 2023 and 2022, and for the years then ended, we recognize that obtaining representations from us concerning the information contained in this letter is a significant procedure in enabling you to form an opinion whether the financial statements present fairly, in all material respects, the respective financial position of the GALC and the respective changes in financial position, thereof, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Accordingly, we make the following representations, which are true to the best of our knowledge and belief:

Management's responsibilities

We have fulfilled our responsibilities, as set forth in the terms of the audit engagement agreement dated August 3, 2023, for the preparation and fair presentation of the financial statements (including disclosures) in accordance with US GAAP applied on a basis consistent with that of the preceding years.

In preparing the financial statements, we evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the GALC's ability to continue as a going concern for one year after the basic financial statement date.

We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. We have provided you with:

A – Management Representations Letter, continued

- Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements such as records, data, documentation and other matters.
- Additional information that you have requested from us for the purpose of the audit.
- Unrestricted access to persons within the GALC from whom you determined it necessary to obtain evidence.

We have no plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

From October 1, 2022 through the date of this letter we have disclosed to you, to the extent that we are aware, any (1) unauthorized access to our information technology systems that either occurred or is reasonably likely to have occurred, including of reports submitted to us by third parties (including regulatory agencies, law enforcement agencies and security consultants), to the extent that such unauthorized access to our information technology systems is reasonably likely to have a material effect on the financial statements of any opinion unit that comprises the basic financial statements, in each case or in the aggregate, and (2) ransomware attacks when we paid or are contemplating paying a ransom, regardless of the amount.

Uncorrected misstatements

We believe that the effects of any uncorrected misstatements, summarized in the accompanying schedule, accumulated by you during the current and prior audit period presented are immaterial, both individually and in the aggregate, to the basic financial statements.

Refer to the “Schedule of Uncorrected Misstatements” in Appendix A.

Corrected misstatements

We have reviewed and approved the adjustments, summarized in the accompanying schedule, and reflected these adjustments in the financial statements.

Refer to the “Schedule of Corrected Misstatements” in Appendix B.

Internal control

We are not aware of any significant deficiencies or material weaknesses in the design or operation of internal control over financial reporting.

There have been no significant changes in internal control since September 30, 2023.

A – Management Representations Letter, continued

Minutes and contracts and internal audit reports

The dates of meetings of directors, committees of directors and important management committees from October 1, 2022 are as follows:

- | | | |
|---------------------|---------------------|--------------------|
| • November 18, 2022 | • May 8, 2023 | • June 12, 2024 |
| • December 14, 2022 | • July 12, 2023 | • July 31, 2024 |
| • January 11, 2023 | • July 26, 2023 | • October 30, 2024 |
| • January 25, 2023 | • August 9, 2023 | • January 28, 2025 |
| • February 1, 2023 | • October 11, 2023 | • January 30, 2025 |
| • February 8, 2023 | • November 29, 2023 | • February 7, 2025 |
| • February 22, 2023 | • December 13, 2023 | • March 12, 2025 |
| • March 8, 2023 | • February 13, 2024 | • April 25, 2025 |
| • March 20, 2023 | • March 13, 2024 | |
| • March 27, 2023 | • April 10, 2024 | |
| • April 12, 2023 | • May 8, 2024 | |

We have made available to you all minutes of the meetings of directors and committees of directors or summaries of actions of recent meetings for which minutes have not yet been prepared.

We also have made available to you all significant agreements and contracts, including amendments, and agreements and have communicated to you all significant oral agreements. We have complied with all aspects of contractual agreements that would have a material effect on the financial statements.

We also have made available to you all internal audit reports (or reports from similar functions) that were issued to management during the year that address internal control over financial reporting.

Methods, significant assumptions, and data used in making accounting estimates

The appropriateness of the methods, the consistency in application, the accuracy and completeness of data, and the reasonableness of significant assumptions used by us in developing accounting estimates and related disclosures, including those measured at fair value, are reasonable and supportable.

Ownership and pledging of assets

Except for assets accounted for in accordance with GASB Statements No. 87, 94 and 96—as amended, for which we were provided a right-to-use another entity’s nonfinancial asset (the underlying asset), the GALC has satisfactory title to all assets appearing in the statements of net position. No security agreements have been executed under the provisions of the Uniform Commercial Code, and there are no liens or encumbrances on assets, nor has any asset been pledged. All assets to which the GALC has satisfactory title appear in the statements of net position.

A – Management Representations Letter, continued

Receivables and revenues

Adequate provision has been made for any receivable as of the statement of net position dates that may not be collectible, including any losses, costs and expenses that may be incurred related to the collection of those receivables.

Revenues and other governmental fund financial resources are recognized in the period in which they became both measurable and available to finance expenditures of the fiscal period.

Leases

Our calculation of the cumulative effect of initially applying GASB Statement No. 87 - as amended that is reported as a restatement of beginning fund balance for the earliest period restated is in accordance with our accounting policies established under GASB Statement No. 87 - as amended.

We have identified and accounted for all contracts that meet the criteria to be accounted for as a lease under GASB Statement No. 87 - as amended. We have appropriately considered any modifications, termination or purchase options in the contract.

Fair value measurements

We are responsible for the estimation methods and assumptions used in measuring assets and liabilities reported or disclosed at fair value, including information obtained from brokers, pricing services or other third parties. Our valuation techniques have been consistently applied from period to period. The fair value measurements reported or disclosed represent our best estimate of fair value as of the measurement date in accordance with the requirements of GASB Statement No. 72 - as amended. In addition, our disclosures related to fair value measurements are consistent with the objectives outlined in GASB Statement No. 72 - as amended.

Any changes made in the valuation technique or its application used to measure fair value have resulted in a measurement that is more representative of fair value in the circumstances.

We have evaluated the fair value information provided to us by brokers, pricing services or other parties that has been used in the financial statements and believe this information to be reliable and consistent with the requirements of GASB Statement No. 72 - as amended.

Related party relationships and transactions

We have made available to you the names of all related parties and all relationships and transactions with related parties.

The substance of transactions with related parties as defined in GASB Statement No. 56 - as amended, has been considered and appropriate adjustments or disclosures are made in the basic financial statements, and information concerning these transactions and amounts have been made available to you.

A – Management Representations Letter, continued

Side agreements and other arrangements

There have been no side agreements or other arrangements (either written or oral) that have not been disclosed to you.

Arrangements with financial institutions

Arrangements with financial institutions involving compensating balances or other arrangements involving restrictions on cash balances and line-of-credit or similar arrangements have been properly recorded or disclosed in the financial statements.

Contingent liabilities

There are no unasserted claims or assessments, including those our lawyers have advised us of, that are probable of assertion and must be disclosed in accordance with GASB Statement No. 62 - as amended other than those disclosed in the financial statements.

There have been no violations or possible violations of laws or regulations in any jurisdiction whose effects should be considered for disclosure in the financial statements or as a basis for recording a loss contingency other than those disclosed in the financial statements.

There have been no internal investigations or communications from regulatory agencies or government representatives in any jurisdiction concerning investigations or allegations of noncompliance with laws or regulations, noncompliance with or deficiencies in financial reporting practices, or other matters that could affect the financial statements other than those disclosed or accrued in the financial statements.

There are no other liabilities or gain or loss contingencies considered material, individually or in the aggregate, that are required to be accrued or disclosed by GASB Statement No. 62 - as amended, *Contingencies* other than those accrued or disclosed in the financial statements, nor are there any accruals for loss contingencies included in the statement of financial position or gain contingencies reflected in earnings that are not in conformity with the provisions of GASB Statement No. 62 - as amended.

Oral or written guarantees

There are no oral or written guarantees other than those reported in the financial statements, including guarantees of the debt of others.

A – Management Representations Letter, continued

Purchase commitments

At September 30, 2023 and 2022, the GALC had no purchase commitments for inventories in excess of normal requirements or at prices that were in excess of market at those dates.

There were no agreements or commitments to repurchase assets previously sold. There were no material commitments outstanding at September 30, 2023 and 2022 as a result of being a party to futures or forwards contracts, short sales or hedge transactions.

Non-compliance with laws and regulations, including fraud

We acknowledge that we are responsible to determine that the GALC's business activities are conducted in accordance with laws and regulations and that we are responsible for identifying and addressing any non-compliance with applicable laws or regulations, including fraud.

We acknowledge our responsibility for the design, implementation and maintenance of a system of internal control to prevent and detect fraud.

We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

We have disclosed to you all known actual or suspected noncompliance with laws and regulations whose effects should be considered when preparing the financial statements.

We have no knowledge of any fraud or suspected fraud involving management or other employees who have a significant role in the GALC's internal control over financial reporting. In addition, we have no knowledge of any fraud or suspected fraud involving other employees where the fraud could have a material effect on the financial statements. We have no knowledge of any allegations of financial improprieties, including fraud or suspected fraud, (regardless of the source or form and including without limitation, any allegations by "whistleblowers") which could result in a misstatement of the financial statements or otherwise affect the financial reporting of the GALC.

Independence

We have communicated to you the names of GALC's affiliates, as described in the AICPA Code of Professional Conduct ET section 1.224.020 *State and Local Government Client Affiliates*, officers and directors, or individuals who serve in such capacity for the GALC.

We are not aware of any business relationship between the GALC and Ernst & Young LLP or any other member firm of the global Ernst & Young organization (any of which, an "EY Firm"), other than one pursuant to which an EY Firm performs professional services.

We are not aware of any reason that Ernst & Young LLP would not be independent for purposes of the GALC's audit.

A – Management Representations Letter, continued

Conflicts of interest

There are no instances where any officer or employee of the GALC has an interest in a company with which the GALC does business that would be considered a “conflict of interest.” Such an interest would be contrary to the GALC’s policy.

Effects of adopting new accounting standards

We have not completed the process of evaluating the effects that will result from adopting the amendments to the codification provided in Governmental Accounting Standards Board (GASB), as discussed in Note 2 to the financial statements:

- GASB Statement No. 99
- GASB Statement No. 100
- GASB Statement No. 101
- GASB Statement No. 102
- GASB Statement No. 103
- GASB Statement No. 104

The GALC is therefore unable to disclose the effects that adopting the amendments in the aforementioned GASB Statements will have on its financial position and the changes in its financial position when such statements are adopted.

Required supplementary information

We acknowledge our responsibility for the required supplementary information on the Management’s Discussion and analysis, which have been measured and presented in conformity with the guidelines established by the Governmental Accounting Standards Board in its applicable GASB Statement.

There have been no changes in the methods of measurement or presentation of the required supplementary information from those used in the prior period.

There are no significant assumptions or interpretations underlying the measurement or presentation of the information.

Supplementary information

We are responsible for the preparation and fair presentation of the following schedules (the “Supplementary Information”):

- Combining Balance Sheet
- Combining Statement of Revenue, Expenditures, and Changes in Fund Balance
- Supplemental Schedule of Employees and Salaries

We believe the supplementary information, including its form and content, is fairly stated in all material respects in relation to the basic financial statements as a whole.

A – Management Representations Letter, continued

Supplementary information, continued

There have been no changes in the methods of measurement or presentation of the supplementary information from those used in the prior period.

There are no significant assumptions or interpretations underlying the measurement or presentation of the information.

Additional representations

We have identified and disclosed to you, all provisions of laws and regulations that could have a direct and material effect on financial statement amounts, including legal and contractual provisions for reporting specific activities in separate funds. We have identified and disclosed to you, all instances of identified or suspected noncompliance with laws, regulations, and provisions of contracts and grant agreements where the noncompliance could have a direct and material effect on the basic financial statements.

We have followed all applicable laws and regulations in adopting, approving and amending budgets, tax or debt limits and covenants and secondary market disclosures, deposits and investments, including collateral requirements on depository accounts and investments and tax levies and refunds.

All funds that meet the quantitative criteria in GASB Statement No. 34, as amended and GASB Statement No. 37, for presentation as major are identified and presented as such and all other funds that are presented as major are particularly important to financial statement users.

Provisions for uncollectible receivables have been properly identified and recorded. Expenses have been appropriately classified in or allocated to functions and programs in the statements of activities, and allocations have been made on a reasonable basis.

Revenues are appropriately classified in the statement of activities within program revenues, general revenues, contributions to term or permanent endowments or contributions to permanent fund principal.

Interfund, internal and intra-entity activity and balances have been appropriately classified and reported.

We have identified and disclosed to you violations (and possible violations) of laws, regulations and provisions of contracts and grant agreements with effects that should be considered for disclosure in the financial statements or as a basis for recording a loss contingency.

Components of fund balance are properly classified and, if applicable, approved.

Our policy regarding whether to first apply restricted or unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available is appropriately disclosed and net position was properly recognized under the policy.

A – Management Representations Letter, continued

Additional representations, continued

Subsequent events have been evaluated and classified as recognized or nonrecognized through the date of this letter.

As discussed in Note 1 to the financial statements, the financial statements of the GALC present only the GALC and are not intended to present fairly the financial position and results of operations of the Government of Guam in conformity with US GAAP.

Other matters

We have received a draft copy of our financial statements of the GALC as of and for the years ended September 30, 2023 and 2022. The accuracy and completeness of the financial statements, including footnote disclosures, are the responsibility of the management of the GALC.

You have assisted in the preparation of the GALC's financial statements based on the information in the GALC's trial balance and accounting records. It is our understanding that:

- The GALC's underlying books and records are maintained by the GALC's accounting department and that the final trial balance prepared by the GALC is complete; and
- All adjusting journal entries posted to the trial balance have been approved by us, and
- Management of the GALC has designated a competent representative to oversee your services and that there are the GALC personnel with sufficient financial competence who are able to challenge and review the completeness and accuracy of the financial statements, including footnote disclosures.

We acknowledge, that we have reviewed the draft financial statements for accuracy and completeness, and we take responsibility for them.

Subsequent events

Subsequent to September 30, 2023, no events or transactions as outlined in "Subsequent Events" in Appendix C have occurred or are pending that would have a material effect on the basic financial statements at that date or for the period then ended, or that are of such significance in relation to the GALC's affairs to require mention in a note to the basic financial statements in order to make them not misleading regarding the financial position, changes in financial position, and, where applicable, cash flows of the GALC.

A – Management Representations Letter, continued

We understand that your audit was conducted in accordance with auditing standards generally accepted in the United States of America as established by the American Institute of Certified Public Accountants and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America and was, therefore, designed primarily for the purpose of expressing an opinion on the basic financial statements of the GALC and that your tests of the accounting records and other auditing procedures were limited to those that you considered necessary for that purpose.

Very truly yours,

A handwritten signature in blue ink, appearing to read 'C. Blas', is written over a horizontal line.

Catherine T.C. Blas, Executive Director

A handwritten signature in blue ink, appearing to read 'J. Cruz', is written over a horizontal line.
