FUTURE OUTLOOK

PERFORMANCE-BASED BUDGETING (PBB)

Upon the adoption of Performance-Based Budgeting (PBB), BBMR will relate government expenditures to measurable results and foster strategic planning and accountability. As mandated, the Bureau continues to support and promote PBB and serves as the lead agency in its implementation. Although several initiatives were instituted in past years, the Government of Guam has faced many obstacles in the successful execution of this approach to budgeting of government resources. In light of that, the Bureau will continue to work towards the successful implementation of PBB in improving essential government services.
