Message from Speaker Judith T. Won Pat

Hafa Adai! On behalf of my colleagues, I am pleased to share the 2015 Citizen Centric Report with you as required by Public Law 30-127. Our constituents look to the Guam Legislature to work on their behalf and provide transparency and access to open government on matters that significantly impact their quality of life. That is why, stability, transparency, efficiency and continuity in the governance systems that our citizens' are most immediately concerned with, is so necessary. That is why, our priority here at the Legislature is to place our citizens at the center of our government. The concept that good governance relies on good citizenry is important, since our democracy is based on a symbiotic relationship which provides a balance that can only be achieved by working together.

I hope you find this report informative and are assured that the Guam Legislature has your best interests.

Si Yu'os ma'ase!
