MISSION

To ensure public trust and good governance in the Government of Guam, we conduct audits and administer procurement appeals with objectivity, professionalism, and accountability.

VISION

The Government of Guam is a model for good governance with OPA leading by example as a model robust audit office.

CORE VALUES

Objectivity
Professionalism
Accountability

WHO WE ARE

Public Law 21-122 established the Office of Public Accountability (OPA) in July 1992. OPA is an instrumentality of the Government of Guam (GovGuam), independent of the executive, legislative, and judicial branches.

We seek to achieve independent and nonpartisan assessments that promote accountability and efficient, effective management throughout the Government of Guam.

We seek to serve the public interest by providing the Governor of Guam, the Guam Legislature, and the people of Guam with dependable and reliable information, unbiased analyses, and objective recommendations on how best to use government resources to support the well-being of our island and its constituents.

FINANCIAL INFORMATION

OPA GENERAL FUND - OPERATIONS

In FY 2022, OPA has received about \$343K more in appropriations compared to FY 2021. GovGuam appropriation-based general fund revenue is our primary source of funding for our operations. Our expenses increased by 4%. All remaining funds were requested to be rolled over to purchase new equipment, replace aging workstations, and fund additional personnel costs in the next FY.

TAP GRANT

In 2019, the United States Department of Interior Office of Insular Affairs awarded our office a Technical Assistance Program (TAP) grant for training and internship programs. As of FY 2022, we have \$50K in available funds.

This federal grant gives us the funding capability to allow our employees to continue training with the best in the industry.

Message from the Public Auditor
Annual Report 2022

It is truly an honor to serve the people of Guam as your Public Auditor. We have accomplished so much and look for new ways to adapt and meet the demands of this office. I continue to pledge my commitment that OPA will be a watchdog over government spending and promote accountability and transparency in GovGuam."

MOVE TOWARDS ELECTRONIC WORKPAPERS

As our island adapted to a new way of conducting business due to pandemic restrictions, OPA took the time to upgrade its automated working papers systems by migrating from TeamMate AM to TeamMate+. This upgrade came at no cost to GovGuam or the OPA and was funded by a partnership our office has with the Pacific Association of Supreme Audit Institutions (PASAI).

STAFF RETENTION

Over the last few years, at least eighteen employees have left the OPA. Many of them have received double digit increases in salary in their new positions. Several of them held supervisory & managerial level responsibilities in our office. In 2022, OPA has worked to fill the positions with new staff. As of July 2023, we have two new Accountability Auditor III's.

OPA STRATEGIC PLAN 2019 - 2023

We envision GovGuam as the model for good governance with OPA leading by example as a model robust audit office. To address the results of INTOSAI's report, we implemented our [Strategic Plan 2019 to 2023](#). As we continue implementing the recommendations made by the INTOSAI Development Initiative's Performance Measurement Framework, we will begin preparing for OPA's updated strategic plan in 2023.

With the support of members of the 36th Guam Legislature, including Senators Joanne Brown, Telo Taitague, and our oversight chairperson, Vice-Speaker Tina Muña-Barnes, OPA was able to get legislation included in the annual budget of the Government of Guam (GovGuam) that dedicates a continuous appropriation of one quarter of one percent (0.25%) of the annual budget for future budgets. This means that future OPA budgets will be determined through a formula and only after all other appropriations are made to the entirety of the government. This major milestone was a goal in OPA's strategic plan.
